**PROCEDURE FOR AWARDING STORAGE CAPACITY FOR THERMAL YEAR 2024-2025
AUCTION: 19 February 2024 – 1 p.m. CET
SYSTEM MARGINAL PRICE**

1. Introduction

This document describes the methods and terms for booking by way of competitive auction for Thermal Year 2024-2025 of **Servizio di Riempimento in Controflusso**.

2. Subject

The booking of **primary firm injection capacity in the short term auctions** for the **Servizio di Riempimento in Controflusso** is the purpose of the procedure governed herein (hereinafter the "**Procedure**").

As laid-down by the deliberazione 19 dicembre 2023 605/2023/R/Gas (di seguito "Delibera 605/2023") issued by Autorità di Regolazione per Energia Reti e Ambiente (ARERA), Edison Stoccaggio will be available a session of short term auction at system marginal price of **8,000,000 kWh/d of firm injection capacity** for the period **20 February 2024 – 21 March 2024** based on the capacity available of the Hub of Edison Stoccaggio. **This session is dedicated only to book primary firm injection capacity useful to have the assignment of the space for the Thermal Year 2024-2025.**

The primary firm injection capacity assigned will become an assignment of space for the Peak Modulation Service with related injection and withdrawal capacity during the withdrawal period for the Thermal Year 2024-2025. Based on the space assigned, a maximum **withdrawal capacity** will be assigned equal to **Space/100**. The **injection capacity** assigned **for the injection period** will be equal to **zero**.

The withdrawal and injection capacities will have the profile published on the Edison Stoccaggio's website in the section Operational Communication

<https://www.edisonstoccaggio.it/en/business-and-services/offered-services/operational-communication/>

For the complying of the point 3 of the Delibera 605/2023 each Assignee at the end of the Thermal Year 2023-2024 can:

- move in the space assigned the inventory at the 31 March 2024 in the services of the Thermal Year 2023-2024, included transactions of gas;

Società soggetta all'attività di direzione
e coordinamento di Edison Spa

Società a socio unico
Capitale Soc. 90.000.000,00 euro i.v.
Reg. Imprese di Milano e C.F. 04501620969
Partita IVA 04501620969 - REA di Milano 1752213

- move the gas injected up to the March, 31st 2024 using only the primary firm injection capacity assigned in the short term auctions.

For every month of the injection campaign the Gmin value will be equal to 95% and the Gmax value will be equal to 100%.

3. Requirements and documentation to be uploaded in Escomas to participate to the Procedure

3.1. Introduction

Participation in the Procedure is impartially allowed with conditions being equal for all parties that jointly have the requisites specified below.

The Procedure is participated in by using the Edison Stoccaggio IT Platform (hereinafter "Escomas").

The Applicant, which has already presented the Security Deposit for the auction procedures according to Del. 605/2023/R/gas, can use the amount available of the Security Deposit to participate to the auction for Servizio di Riempimento in Controflusso delivering the letter as Annex 13.

3.6. Bank guarantee sent using swift code

The Bank Guarantee for the bid can be sent using the **swift code MT760** to the account above reported.

Before the emission of the guarantee, every change of wording of the version downloaded from Escomas has to be approved by Edison Stoccaggio.

3.7. Delivering of documentation signed by holographic signature

Edison Stoccaggio allows the holographic signature of the documentation described in the point 3.3. The Applicant will have to:

- upload in Escomas the documentation;

- **deliver the hardcopies within 12 p.m. CET of 19 February 2024.**

Please note that two original copies of the Contract of short term auctions 2023-2024 and two original copies of the Contract of Storage 2024-2025 have to be delivered initialed on every page and signed by the legal representative or the proxy having the appropriate powers.

The envelope with all documents and all related annexes must be closed and report the company name of the Applicant.

The envelope will be delivered to the following address:

Edison Stoccaggio S.p.A.
k.a. Ufficio Commerciale Stoccaggio
ASTA SERVIZI DI STOCCAGGIO
Via Illica 4
20121 Milano.

It's allowed to send the guarantees separately in an envelope on which the following indication must be reported: "Garanzia bancaria/Polizza assicurativa/Lettera di garanzia societaria per la partecipazione all'ASTA SERVIZIO DI STOCCAGGIO relativa a (*shipper's name*)".

The Applicant will notify the email box stoccaggio@edison.it the name of the courier entrusted with delivery in advance.

A receipt will be issue at the delivery. The receipt is the only document valid for certifying the date and time of delivery of the envelope. Therefore, envelopes for which the aforesaid receipt has not been issued will be considered as undelivered.

Delivery after the deadline above mentioned shall be considered in violation of the rules of this procedure and the relevant envelope will be rejected, without any responsibility being attributed to Edison Stoccaggio; those who use the Italian postal system, carriers or other intermediaries for the delivery may not justify the delay in delivery with reference to poor services or problems encountered by said intermediaries.

Edison Stoccaggio will consider as valid the last package sent in temporal order and will not open packages with an earlier date of dispatch, which will be considered as not submitted (these packages, not opened, will be in any case kept).

Edison Stoccaggio will not admit in the auction the Purchase Request confirmed in Escomas in case the documentation:

- has been received after the maximum deadline indicated above, or was not delivered or is incomplete or non-compliant with the documentation present in Escomas;
- there is some dissimilarity between the documents in Escomas and those delivered in original form shall be excluded.

4. Purchase Request of capacity of storage (Purchase Request)

All purchase requests may contain up to 3 (three) offers at the most.

The quantity requested in each offer must be stated in kilowattshour/day [kWh/day] without decimal figures. Every single bid must be no less than 0 (zero). Every single bid must be stated in Eurocents/kilowattshour [c€/kWh] with six decimal figures at the most.

Within 1 p.m. CET of 19 February 2024, the Applicant can enter, save and confirm the Purchase Request in Escomas in the section Escomas/Monthly-Weekly.

5. Assignment

For the purposes of opening requests received and subsequent actions aimed at completing the award procedure. Once the deadline for prompt submission of the requests has passed, the envelopes will be opened and will be checked that all requisites set forth in this procedure are met, that the documents are consistent with the documents in Escomas - on pain of in admissibility of the dissimilar requests and shall tabulate the offers and then establish the results by running a specific function on Escomas.

Notification of the award made, as well as of any exclusion and its grounds, will be made within the auction date, with notification given in advance by email to the address of Admin Aste and providing each Applicant access to its own data on Escomas.

Furthermore, Edison Stoccaggio shall publish the aggregate results of the award procedure and the average weighted award price.

Only in case of space awarded the “Contratto di Stoccaggio per l’anno termico 2023-2024” will be in force between the assignee party (hereinafter: “**Assignee**”) and Edison Stoccaggio.

6. Guarantees after assignment (Garanzie post-conferimento)

No later than **8 April 2024**, the **Assignee who does not have the minimum rating** as indicated in point 3.3 must present to Edison Stoccaggio the Guarantees according to par. 5.2.1.1.2 of Code of Storage of Edison Stoccaggio (hereinafter: **Code of Storage**). **The Guarantee will not have to be less for an amount than indicated in the letter c) of the 5.2.1.1.2 of Code of Storage.**

The Bank Guarantee post-conferimento can be transmitted using the **swift code MT760**.

Edison Stoccaggio allows the extension of the validity of the bank guarantee related to the Contratto di stoccaggio 2023-2024 (hereinafter **Addendum**). When the bank releases the Addendum, the bank shall have the minimum rating as described in the point 3.3. The bank can transmit the Addendum using the **swift code MT767**.

Before the emission of the Addendum to the guarantee, every change of wording of the version must be approved by Edison Stoccaggio.

Each document uploaded in Escomas by the Assignee will be verified by Edison Stoccaggio and approved or rejected with motivation.

If the Assignee fails or refuses to present the above Guarantee, not only will Edison Stoccaggio declare Assignee having forfeited the award attained, but it will be entitled to receive from the defaulting party, also by partial enforcement of the guarantee submitted at the time of offer, **50% (fifty percent)** of the economic commitments that the defaulting party assumed for the Space capacity in agreement with Art. 5.3 of the Storage Code.
